Few designers have crossed over more successfully than Ralph Lauren. His **RL-CJ Lounge Chair** is a geometric tour de force, while remaining plush and comfortable. With a frame made of crown cerejeira finished in chestnut, and cushions wrapped in peninsula nutmeg leather, it deserves a fashion spread all to itself.

Pillow Talk

Known for luxuriant excess, Christian Lacroix isn't one to shy away from mixing patterns, textures and materials. The **L'Herbier Ruisseau Decorative Pillow**, digitally printed on velvet with a cotton reverse by Maison Christian Lacroix, exemplifies the designer's bold, colorful ethos.
